HEALTH - RESPONSIBILITY

## Customer

Caring for the health and wellbeing of people by meeting consumer demand

## Employee

Engaged motivated and talented team

## Partner

Long term mutually beneficial relationship with reliable and responsible partners

## Society

Improve quality of life with innovative, qualitative, and affordable medicines

## MESSAGE

We take pride in being one of the pioneer pharmaceutical firm globally, having achieved remarkable growth in very short duration. Spey Medical Pvt Ltd, India is privately owned company which focuses on developing innovative products with high quality standards.

We are determined to meet the unmet medical needs as a developer of new drugs, including Branded generic, OTC drugs and nutritional supplements. Rigid in our vision, mission and corporate values, we are determined to deliver high quality and efficient pharmaceutical product at affordable prices.

Our lead and learn culture provide the way to reach individual goals and to deliver the company's commitment to value through innovation. We believe and follow highest ethical standards of compliance with our policies, procedures and practices.

We pledge to remain committed to excellence, keep abreast of changes and innovations and successfully overcome all challenges before us.

**Zafar Mirzoev**  
Founder & Chairman

## ABOUT US

Spey Medical India is a wholly owned subsidiary of Spey Medical UK, a global pharmaceutical company founded in the year 2007 and is headquartered at London. We are engaged in marketing of innovative & high quality pharmaceutical products catering to various therapeutic areas. All our products are manufactured at WHO-GMP approved manufacturing plants. Our manufacturing facility is located at Roorkee, Uttarakhand.

In a fairly short time, Spey Medical has become one of the fastest growing global pharmaceutical companies with business ties in more than 25 countries as follow - EUROPE - Russia, Ukraine, Armenia, Georgia, ASIA - Kazakhstan, Tajikistan, Uzbekistan, Turkmenistan, Kyrgyzstan, India, Nepal, Mongolia, Afghanistan, SOUTH EAST ASIA - Philippines, Cambodia, Myanmar, LATIN AMERICA - Bolivia, Chile, Dominican Republic, Ecuador, Guatemala, Nicaragua, Uruguay, AFRICA - Ethiopia, Kenya and entering to more new markets globally.

Spey Medical, in the society aims at improving the quality of life of people with the help of innovative, qualitative and affordable medicines.

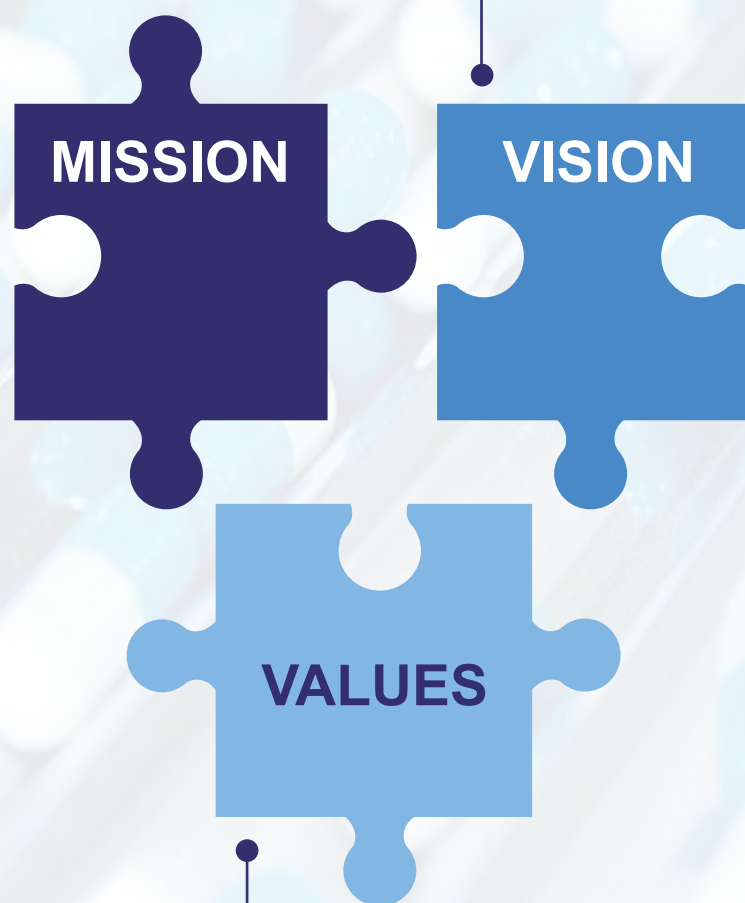

Our principal mission is “Health-Responsibility” as we believe that everybody who is involved in pharmaceutical sphere is equally responsible for the health of humanity!

We believe that successful new businesses emerge from great ideas & their execution along with great talent.

## • OUR MISSION

To be one among the top 50 pharmaceutical companies in India by constantly providing high quality effective products.

## • OUR VISION

To provide the society with better access to high-quality and cost-effective medicines in key therapeutic areas.

## • OUR VALUES

- Team work • Respect
- Motivation • Thrive for solutions
- Responsibility • Effort • Passion

## ■ HOW WE WORK

### ■ QUALITY

Right from the beginner level to the highest level of the organization, everybody cares for your family's health and aims to deliver quality of highest level.

Quality is a central concern to the company management. Its priorities are:

- Customer Satisfaction
- Process-oriented Management
- Continuous Improvement
- Total Quality Management

### ■ TEAM SPIRIT

We believe that together we can be more efficient at delivering desired quality & customer service.

### ■ TRANSPARENT RELATIONSHIP

All the processes are readily verifiable and fully traceable and transparent, allowing employees and other associated members to report their practices and impacts confidently.

### ■ INNOVATIONS

As Spey Medical has multicultural associates, we motivate and welcome all the idea's and implement the best suited one. We motivate our associates to think out of the box.
